

A. EMPLOYEE EDUCATION MATERIALS*

Customized printed enrollment materials are designed to encourage participation in a company's retirement plan by educating employees on the benefits of investing in a retirement plan program, easing the investment selection process, and explaining specific plan provisions.

B. PAPERLESS ENROLLMENT BROCHURE

Instructions on how to enroll in a company retirement plan through the voice response system or the Internet.

C. INVESTORLINK

Participants can access timely information on any account through *InvestorLink*, our comprehensive communication network that includes our award-winning web site and a toll-free, automated voice response system.

D. VOICE RESPONSE SYSTEM BROCHURE

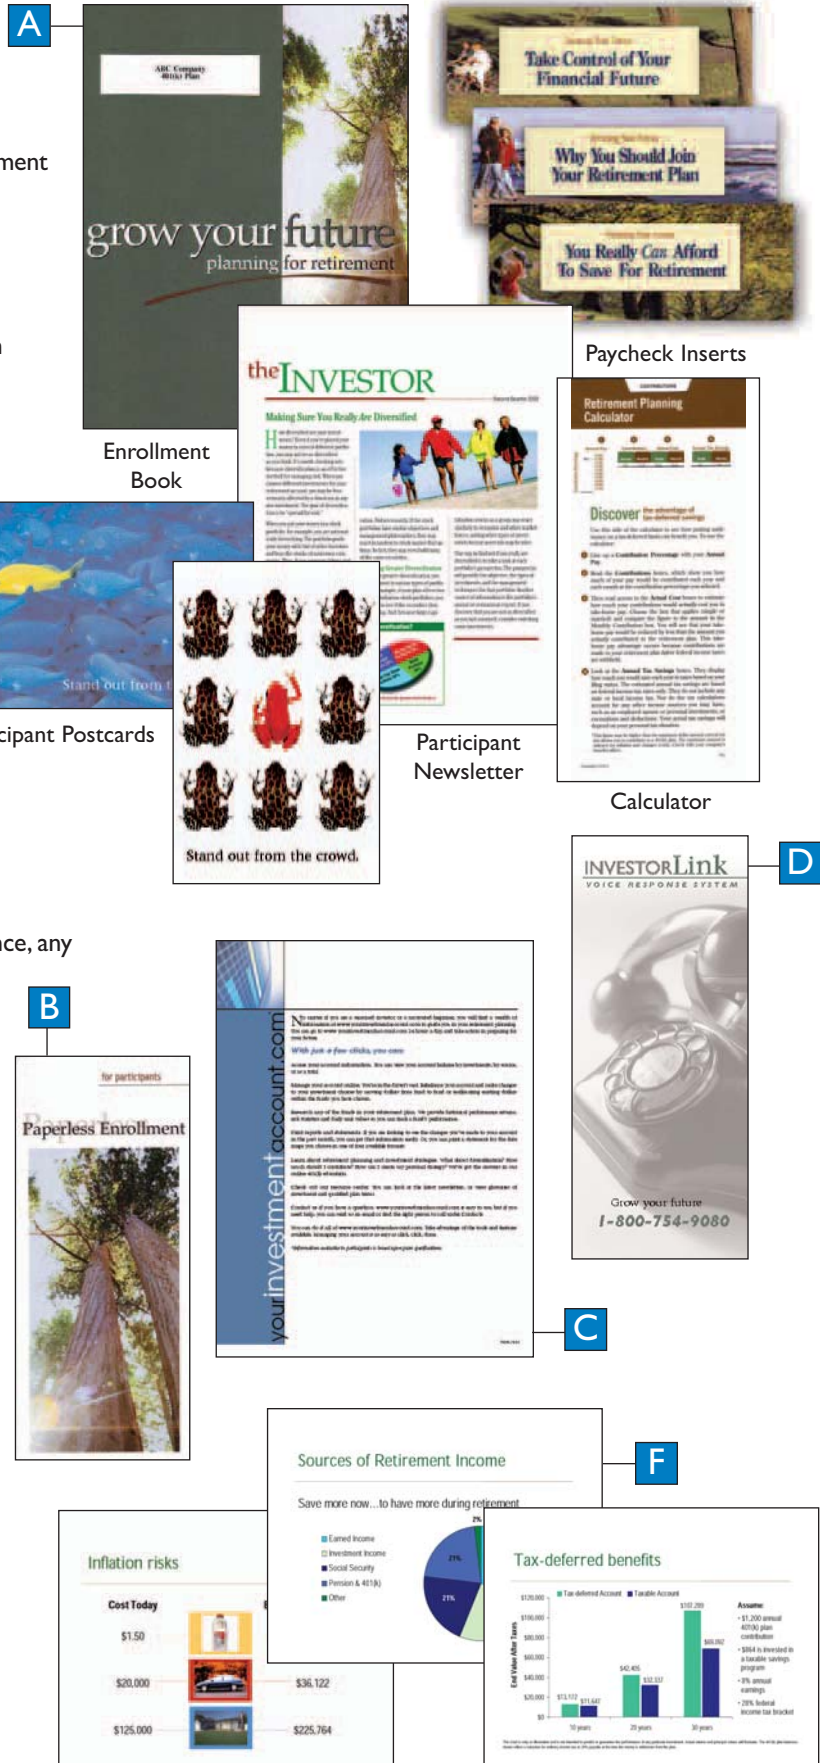

Instructions on how to use the toll-free, automated voice response system.

E. QUARTERLY STATEMENT

Participants receive statements detailing their account balance, any transaction activity, fund performance, and other pertinent information for the previous quarter.

F. ENROLLMENT POWERPOINT

A tool used to educate employees about basic 401(k) concepts, such as tax deferral, compounded interest, and much more. This presentation can be customized to reflect a company's plan specific information.

*Enrollment books and paycheck inserts are available in Spanish.
